

CCGIS CONSORTIUM POLICY AND PROCEDURES

SECTION: 102

POLICY NUMBER: 102.02

APPROVAL DATE: June 24, 2008

SUBJECT: CCGIS Product and
Services Fee Schedule

EFFECTIVE: June 24, 2008

STATEMENT OF POLICY-

To recover CCGIS expenditures in capture, creation, and maintenance of GIS databases, and to re-coop media fees associated with the delivery of said databases including both digital and hardcopy formats, a fee schedule must be created for purchase of CCGIS databases, maps, or use of staff time. CCGIS, located at 34 South Main Street, Winchester, KY, is to be the sole distribution site of all CCGIS databases and products. This fee schedule does not apply to CCGIS members.

STATEMENT OF PROCEDURE-

As authorized and adopted by the CCGIS Consortium Board, the following prices are applicable to data requests made to the CCGIS. All fees are due and payable at the time of the records request.

STATEMENT OF USE-

All requests for services, provided by CCGIS, will be considered commercial requests unless the requestor can provide satisfactory evidence that the request is of a personal or non-commercial nature. Non-commercial requests shall be subject to fees to include the following: the cost to CCGIS of the data, media, and mechanical processing required to satisfy the request, specified in the CCGIS Product and Services Fee Schedule. Commercial requests will be subject to all fees specified in the CCGIS Product and Services Fee Schedule. Commercial requests may also be subject to additional restrictions on the services provided, including, but not limited to: license agreements, restrictions on use, and additional fees as required by CCGIS to satisfy the request.
